British Safety Council International Safety Award 2014

The British Safety Council announced the winners of its 2014 International Safety Awards, to recognise and honour the achievements of organisations in keeping their workplaces and workers healthy and safe. All three Modular Fabrication Yards of L&T Hydrocarbon Engineering at Hazira, Kattupalli in India and Sohar in Oman and Export Gas Compression Facility Upgrade project of Dolphin Energy Limited in Qatar, qualified in the Merit category.

The International Safety Awards relate to the health and safety management at a specific site or business unit.
