# **L&T Hydrocarbon Engineering Awarded Two Significant Contracts for Fertilizer Plants by HURL**

**Mumbai, May 21, 2018:** L&T Hydrocarbon Engineering (“LTHE”), a wholly owned subsidiary of Engineering and Construction major Larsen & Toubro Limited, in consortium with TechnipFMC, has won two significant orders from Hindustan Urvarak and Rasayan Limited (HURL), a joint venture company of IOCL, NTPC, CIL, FCIL and HFCL.

The engineering, procurement, construction and commissioning (EPCC) contracts are for setting up two fertilizer plants of 2,200 TPD Ammonia & 3,850 TPD Urea at Barauni (Bihar) and Sindri (Jharkhand).

The plants will be based on world-renowned ammonia technology of Haldor Topsoe, Denmark and urea technology of Saipem, Italy.

LTHE scope of work, worth in excess of ₹ 3,800 Crores, consists of two 2,200 TPD Ammonia plants.

Both the projects, awarded through international competitive bidding, are on Lump Sum Turn Key (LSTK) basis and shall be executed concurrently.

Mr. Subramanian Sarma, MD & CEO, LTHE said, “L&T has a Proven Track Record of over 25+ years in the fertilizer sector and bagging these two orders from HURL reinforces our integrated capabilities in executing critical plants for fertilizers, refinery and petrochemical segments. We are extremely proud to be associated with these projects of national importance, critical to enhancing India’s food security and boosting the Make-in-India initiative.”

Organized under Offshore, Onshore, Construction Services, Modular Fabrication and Engineering Services verticals, LTHE delivers 'design to build' engineering and construction solutions across the hydrocarbon spectrum.
