L&T Hydrocarbon Engineering's Modular Fabrication Facility, Kattupalli (MFF-K) won Gold Award at the RoSPA (The Royal Society for the Prevention of Accidents) Health and Safety Awards 2017.

What makes the achievement especially significant is that MFF-K bagged the Gold Award in its very first attempt.

For almost 100 years, RoSPA has been quietly working behind the scenes to change both legislation and attitudes surrounding accidents. The RoSPA Awards scheme is open to businesses and organisations of all types and sizes from across the UK and overseas.
